EPA TECHNICIAN CERTIFICATION

(Section 608 Stationary Equipment)

Presented by Steve Haylett

Refrigerant Certification Course - EPA technician certification review session and exam for Section 608 Stationary Equipment, to help certify contractors as required by EPA November 14, 1994. All applicants must be pre-registered at least two (2) weeks prior to the exam date.

You will receive an Applicant Study Guide prior to the session, which will require at home study time in addition to the material that will be covered in the class. **THE REVIEW SESSION ALONE WILL NOT ADEQUATELY PREPARE YOU TO PASS THE EXAM.**

This is a closed book examination. Be advised that only the following materials may be brought into the test area:

- Pressure-Temperature Conversion Chart
- Number 2 pencils
- Calculator

The exam takes approximately two (2) hours (max) to complete.

DATE: Wednesday, June 6, 2018

TIME: Training - 8:00 a.m. - 2:00 p.m.
Exam - 2:15 p.m. Sharp (No one will be admitted after 2:15.)
