

**Plumbing, Heating, Cooling, Refrigeration
and Electrical Distributors**

Mitsubishi Mr. Slim® 4Hr. Service Certification Course

When: Wednesday March 18th 2020

Where: 59 Chenango Bridge Road Binghamton 13901

Time: 1:00 PM TO 5:00PM

Mitsubishi Authorized Trainer: Bill Becker

WHAT: The Mr. Slim Field Service Seminar provides participants with an understanding of the fundamentals of Mitsubishi Mr. Slim systems. During this 4-hour seminar, you will be introduced to the concepts and theories of operation - including an overview of the unique technologies employed - system design, installation, and the fundamentals of troubleshooting M-series and P-series systems to include all **New Hyper-Heat products and Controls**

Participants will be awarded 4 NATE CEU's and 0.4 IACET CEU's.

WHO: This course is recommended for personnel responsible for installing, servicing and conducting maintenance on Mr. Slim M & P-series systems.

- TOPIS:**
- Identify and discuss current Mr. Slim product models
 - Describe the system components and characteristics
 - **Introduction to New Hyper-Heat Multizone products**
 - Discuss system functionality and capabilities
 - Discuss the various technologies employed in Mr. Slim systems
 - Identify and define the variables involved in designing a Mr. Slim system
 - Identify and discuss the system installation requirements and procedures
 - Discuss the internal electrical and refrigerant circuitry of the system
 - Discuss Mr. Slim system troubleshooting and fault isolation procedures
